KING OF HOUNDS AGAIN BEATEN BY FLEET JESSERUE

Mission Boy Breaks Poorly and Can't Get Up; Nice Card On Today

The great Mission boy, king of all greyhound tracks, was beaten for the second time in a Tulsa track yesterday afternoon. A. N. Hayden's fleet Jesserue beat the dog in the final race. Last winter Jesserue raced Mission boy five times, but never beat him up to yesterday he has been invincible.

Jesserue was better than Mission boy yesterday. Mission boy got off to a poor start, it is true, but he was close to the flying start at the head of the pack. Jesserue won by six lengths with Mission boy second. Hayden's dog was the only one to get up.

Jesserue was only a fair dog at the summer meeting, but developed into a class sprinter at St. Louis. That his season over Mission boy was not truly shown by the fact that he negotiated the three-mile race in 19:15 seconds, Jesserue beat Mission boy once at St. Louis. The weather was favorable yesterday and a good crowd was out. A nice program of six races has been arranged for this afternoon, with post time as usual at 3 o'clock.

Yesterday's results: First race, purse \$25, three-sixteenths mile—Regret, first; Two Stars, second; Buckeye, third; Charlie, fourth. Time, 20:35. Handsome Fortune, Suburban and Little Phil also ran.

Third race, purse \$10, three-sixteenths mile—Quaker Boy, first; Mission Boy, second; Buckeye, third. Time, 19:15. The Tiger, Dutch Bergman and Dillon Wild Bill also ran.

Fourth race, purse \$50, five-sixteenths mile—Mickey Chair, first; Lord Helium, second; Playfellow, third. Time, 33:30. Red Red Rose and Handsome Ray also ran.

Fifth race, purse \$50, one-quarter mile—Murdock, first; Jack, second; Shoestring, third; Wild Irishman, fourth. Time, 35:30. Ernest Wild Bill, Step Ahead and Miss Bobbitt also ran.

PRICE OF COTTON AT HIGHER LEVEL

Recovers After Re-estimate Is Made of Production for Year

NEW ORLEANS, Dec. 18.—Following the wide decline of the early season of the week attendant on bureau day, the cotton market came back strongly and reached its highest level on the near months during the closing session. At one time prices were 35 to 36 cents under the close of the preceding week, from which decline they moved up to advances of 27 to 34 points over January fell to 16c on Tuesday and traded as high as 17.40 on Saturday, coming at the highest. In the spot department middling sold 25 points, closing at 17.25, which price compared with 17.75 at the closing price a year ago.

The government's estimate of the crop of 8,340,000 bales of 500 pounds gross weight was the main influence of the week. Following the issuance of the figures the most active months in the contract market lost 111 to 112 points and for a while the estimate was a barometer of considerable importance.

Late in the week an estimate of 7,800,000 bales approved as the total ginning to the 14th of December, indicating production during the seventh ginning period of 178,000 bales. Another private bureau report placed the period's ginning at 178,000 bales. The trade accepted both and the government's estimate of the total crop. The market will close Friday night for the week owing to the Christmas holidays.

Changes Suggested in Method of Conducting Champ Net Tournaments

NEW YORK, Dec. 18.—Suggestions for radical changes in the manner of conducting championship tournaments were contained in reports of sub-committees of the United States Tennis association, submitted to that body's executive committee today.

The most notable of these suggestions contemplates "seeding the draw" at national tournaments—eliminating the blind draw through a process of limited selection—and forbidding tournament contenders to report the games in signed daily newspaper articles.

Tentative dates and places for all the principal tennis tournaments for 1922 also were submitted. The reports will be considered at the association's annual meeting early in February.

Championship dates for the coming season were suggested as follows: June 26, intercollegiate championship, Merion club, Philadelphia; July 10, men's clay court tournament, to be awarded by Western association, August 21, national doubles, juniors, etc., Longwood Cricket club, Boston; September 1, challenge round Davis club, West Side club, Forest Hills, Long Island; September 8, men's singles, veterans, singles, etc., Germantown club, Philadelphia.

FLYWEIGHT FROM ANTIPODES SEEKS CHANCE AT BUFF

George Mendies Touted by Sporting Writers as Coming Champion

By ROBERT EDGREN. Australia has a new flyweight champion, George Mendies, and the sporting writers there tout him as an opponent for Buff and Jimmy Wilde, and a coming world champion.

Mendies has whipped everything of his weight in Australia, and is beginning to reach out for world honors by going to the Philippines for a fight. The idea of going to the Philippines may sound funny in America, but as a matter of fact, many first class little fighters have been turned out in the islands during the last two or three years.

The Philippines take naturally to boxing. After cleaning up in the Philippines, if he can do it, Mendies is going to England to fight Wilde. The Australian says that he has been boxing since he was 15 years old, has a terrific punch and is the fastest boy on his feet that Australians have ever seen. He has won nearly all of his fights with knockouts.

Another lad who has made good "down below" is Silvino Jamito, a Filipino featherweight, who has been fighting of late in Australia. "Jamito will prove a sensation on his return to his native land," writes an Australian sportsman. "He is a most improved boxer, having beaten all the celebrated boxers imported to fight him. Among his victims are Arthur Wynne, European featherweight champion, whom Jamito knocked out. He beat Tommy Noble on points, Bert Sparrow, Victorian featherweight, and lightweight champion, also lost to him and there are dozens of others. Jamito's most notable performance, however, was to go 30 rounds with Eugene Cripp, others failed to do this distance, and it was left to this dusky con of the tropical isles to last for the journey."

Boxing is booming in Australia, and at Sydney they are building a \$250,000 stadium especially for boxing contests. It will seat 10,000 people. That's pretty fair for a place so far from New Jersey.

England is waking up to the importance of producing some new champions. So one, Tommy Harrison, is about to invade America to get a battle with Johnny Buff. Harrison is 25 years old, well seasoned and experienced, and has fought his way to the top slowly.

He recently defeated Charles Ledoux of France, won decision in 10 rounds. Ledoux was recognized champion of Europe. According to the English critics, Harrison is "the best turned out fighter since the days of Billy Blinzer."

If so, he's good. We'd like to see this. If anyone has a doubt that Carpentier will come to America to fight Tom Gibbons with the world's light-heavyweight title at stake, let Carpentier, Georges writes that he intends to leave France in February, already in training, and in fair fighting condition, and that two or three weeks of work in this country will fit him for the Gibbons match.

If Carpentier comes over on time it will be up to Gibbons. Tom has cleaned up with about 20 knockouts in the last few months. This is one match in which there won't be any "soft picking" for either man. (Copyright, 1921, The Ball Syndicate, Inc.)

Quintet of Great Amateurs Accused of Professionalism

Joie Ray, Frank and Joe Loomis, Loren Murchison and Jackson Scholz Charged With Turning in Exorbitant Expense Accounts After Eastern Contests.

CHICAGO, Dec. 17.—Five of the greatest amateur athletes in the country—Joie Ray, Frank and Joe Loomis, Loren Murchison and Jackson Scholz—today defended themselves against charges of professionalism before the registration committee of the Central A. U. The athletes, all of them of Olympic fame, were charged with filing exorbitant expense accounts for trips to compete in eastern meets last year.

Frank and Joie Loomis and Murchison appeared personally before the committee in defense of the charges, while the others were represented. The athletes denied their accounts were exorbitant and the committee, after hearing the evidence, announced that it would make its report to the Central A. U. registration committee for final action.

Charles Dean, former president of the Central A. U., and a member of the registration committee, said that it was his personal opinion that none of the athletes were guilty, but he declined to say that recommendations of the committee would make. The athletes, if found guilty, may be suspended or declared professionals.

The diminutive Joie Ray, holder of seven world's records in the middle and long distance runs, may become a professional boxer if his amateur standing is annulled. Ray has engaged in amateur boxing contests, winning the Central A. U. title in the featherweight class. The little runner weighs about 125 pounds and his admirers have urged him to become a professional boxer.

"I do not know what I shall do if they declare me a professional," Ray said. "I like boxing and I might take it up. I have boxed 20 to 25 times as an amateur and have not been defeated. I am only 26 years old."

"I do not see how they can accuse me of being a professional. They allow us \$7 a day while we
